Theories of causes The ... In this account of ethnic identification, ethnicity and race are viewed as instrumental means to achieve particular ends. Whether ethnicity is a fixed perception or not is not crucial in the instrumentalist accounts. Moreover, the scholars of this school generally do not oppose the view that ethnic difference plays a part in many conflicts. They simply claim that ...

Conflict theories are often applied to inequalities of gender, social class, education, race, and ethnicity. A conflict theory perspective of U.S. history would examine the numerous past and current struggles between the white ruling class and racial and ethnic minorities, noting specific conflicts that have arisen when the dominant group perceived a threat from the minority group. In the late ...

culture's negative views of their race or ethnicity: such students risk a fore-closed identity, which might lead to internalized racism and self-loathing. If students reject the majority culture's negative views of their racial or ethnic group, they begin to question what it means to be a member of their racial or ethnic group. Phinney's second stage of ethnic identity development is a ...
